DETAILED ACTION

EXAMINER'S AMENDMENT

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on June 10, 2005, Mr. Bennet Berson, attorney of record, requested an extension of time for 3 MONTH(S) and authorized the Director to charge Deposit Account No. 170055 the required fee of \$1,020 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- i) Please cancel claims 1-14 and 17-19.
- ii) In line 10 of claim 48, please delete the terms "BHA, BHT,".

The following is an examiner's statement of reasons for allowance: the instant claimed method of controlling body fat by inhibiting lipoxxygenase activity employing the herein claimed compounds as recited herein is not taught or fairly suggested by the cited prior arts. Lipoxxygenase is involved in lipoxin and Leukotriene biosynthesis in the arachidonic acid metabolism, which is believed to be involved in inflammation process. There is no teachings in the prior arts would suggest the motivation to employ the compounds that inhibit lipoxxygenase to control body fat.

Claims 48-53 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
